

Your Name vs. Wild

You are in the largest desert in the world, the Sahara. The Sahara stretches across North Africa from the Atlantic Ocean to the Red Sea. All you have is a water bottle, knife, and flint.

How are you going to travel 10 miles to the nearest town? When is the best time to travel? Where are you going to get water to drink? What is the best way to dress for the extreme heat? How are you going to have shelter for the night?
